

Advanced Reseller Training

Tripleplay offers training services to our authorized partners and for users of our digital media platform. Our Advanced Reseller Training is a two-day course and covers advanced system monitoring, troubleshooting and commissioning for installers of the Tripleplay platform.

Two-Day Course Agenda

- Product reminder & system overview
- Information sources
- Standard commissioning
- System Management options – HTTPS/SSH
- Monitoring, System Backup & Recovery
 - SNMP
 - Linux
 - TripleView
- End device configuration
- Troubleshooting tools
- General troubleshooting steps
- Fault finding endpoints
- Troubleshooting
 - IPTV Portal
 - Digital Signage
 - Clusters

Learning Outcomes

Attendees of the course will;

- Learn how to implement monitoring, system backup and recovery
- Understand how to troubleshoot the Tripleplay platform
- Be introduced to management of a Tripleplay clustered solution

Our sessions can be delivered to groups both on-site or at one of our regional headquarters, and can be amended to suit your specific requirements. Please contact your account manager for availability and prices.
